

DANIEL VALENTINE

for ULU BOARD OF TRUSTEES

Daniel Valentine is a post-graduate student in the department of theology and religious studies at King's College London.

“As a ULU Trustee I would bring the dedication, determination, and experience necessary to ensure that the Union acts within its financial and legal duties.

The Law: I aim to guarantee that ULU adheres strictly to its responsibilities under the Charities Act 2006, particularly ensuring that the actions of the Union fall within the definition of charitable purposes.

The Finances: I would address the financial difficulties of ULU over the past few years to guarantee that overall expenditure remains in line with Budget estimates. I would also ensure that Budgets are set at a realistically achievable level for the Union. I would welcome feedback from students throughout the year regarding the cost efficiency of services provided, and ask for suggestions for improvements.”

Why vote for me?

My strategy

- I will give strategic direction to the Management of ULU
- I would like to harness ULU's substantial resources to its competitive advantage
- I will introduce innovations that would attract more students to use ULU services and facilities, it is only when we are able to retain our student audience that sales and profits will improve
- I will evaluate all the cost centres to see where financial waste can be cut

Experience: I have a good understanding of the role of a trustee as set out by the Charity Commission. I am well equipped to ensure that the actions of the Union fall within the mechanisms and requirements set out by the Charities Act 2006, and that trustees do not act beyond their powers.

An Independent Mind: I believe that the principal role of a trustee is to oversee the actions of the Union, ensuring that they are effective and in line with legal requirements. Since I have not held a position within ULU before, I am in a strong position to ensure that decisions regarding general policy making are made for the benefit of current students.
